

WHAT TO DO?

In case of

EARTHQUAKE

Lignano Sabbiadoro

Follow the instructions given by the Authorities and let them know about any problem or particular needs.

European Emergency Number

112

Medical Emergency- Fire Brigade-
State Police - Carabinieri (Military Police)

0431.73004 Local Police

0431.724004 Local Marine Guard

0431.720626 Local Civil Protection

As you make an emergency call **always mention:**

Who is calling?

What happened?

Where did it happen?

What is the situation?

Lignano Sabbiadoro is assessed as *low level seismic area* (zone 3-DGR 845/10).

DURING THE EARTHQUAKE

In the open:

- Keep away from buildings and **reach the waiting area** closest to you or get to an open space;
- Do not stop and go by trees, ledges, gutters, streetlights, power or phone lines.

Inside a building:

- Do not rush down the stairs and do not use the elevator. Wait until the earth tremor is over before you get out;
- Shelter yourself under tables, beds, frameworks;
- Keep away from windows, glass doors, shelves and heavy furniture that could hurt you;
- Do not stand on balconies;
- After the earth tremor, if you can, turn off gas, water and power master switches before you leave the house.

AFTER THE EARTHQUAKE

- Reach an open space away from buildings and hazardous structures;
- Reach **the waiting areas** pinpointed on the map;
- Do not use phones or mobile phones so as not to clog up the lines;
- Do not use the car so as not to hamper the rescue teams.

What should I do? What can I do?
